How we can help:

What is the Beep Assist service?

Beep Assist, part of Futures Housing Group, provides an independent living service across the East Midlands to help you and your loved ones get the best out of life. If you're thinking about what might happen in the future, or balancing looking after a loved one with work or family pressures, we're here to help. We offer everything from traditional lifeline products to simple-to-use technology that makes it possible for you to remain independent, safe and in your own home for as long as you choose.

Stay in control

Whether you're starting to think about the future and want plans in place to help you get the most out of life, or want to relax knowing your loved one is safe at home, our service is here for you. You'll have a consultation with one of our expert team members, and work with them to put together a package based on your needs.

Peace of mind

Talk to our expert team about your concerns and we'll help to put a package together that keeps you or your loved ones safe and gives both peace of mind. You can raise an alert in an emergency and our 24/7 monitoring centre will ensure you get the support you need, our operators are always on hand to answer your calls and make sure everything's okay. We know you can't be with your loved ones all the time – but you can still care, even when you're not there.

Flexible, discrete, and affordable

The technology we provide fits around your life and is there when you need it. Prices start from as little as **£17.40 a month**.

Contact Beep Assist today to see how we can help you.
